The Football Studies Course is the ultimate language immersion, study abroad, football development program. Our Academy provides professional Football training combined with quality language instruction in order to maximize the young person's overall experience abroad.

The goal of the **EduKick Madrid Academy** is to work with players on every aspect of their training to ensure they develop the physical, technical, tactical and mental foundation required for better performance in football matches. This is accomplished through coaching and training in advanced strength and conditioning techniques, uniquely integrated with mental, nutritional and sports medical principles all enhanced by the environment, facilities and resources of world cup and European champions **SPAIN!!**
